Noel William McDaniel

Sept. 28, 1937 to Nov. 21, 2011

Noel, Daddy, Husband, Father, Granddaddy, Hero, and Best Friend is who he was! Daddy has always been, and will always be my HERO!! Daddy was born in Andalusia, Alabama on September 28, 1937 to William A. & Doris B. McDaniel. Daddy learned from a young age what "Work Ethic" was, working in the field with his Grandfather helping around the farm, and the cotton fields. Daddy graduated from Andalusia High School, in Alabama in 1955. Daddy went to Andrew College in Georgia, the following summer. Daddy attended Andrew College for one year, and then transferred to Alabama Poly Technic for "Structural Engineering". This college is known as Auburn University today. After which Daddy began working with Granddaddy in "General Construction" with S.J. Curry & Co. General Contractors. Daddy learned the "how-to's" from Granddaddy working to build hospitals, water treatment plants, schools, churches, along with some US Military buildings. Daddy moved to Newnan, Georgia in 1960. Daddy and Granddaddy were building a new local hospital, Coweta General, and in May of 1960, Daddy meet Mama, (Sarah) who he married that same year. Daddy finished that job, and was working in Warm Springs driving back and forth every evening to be with Mama in Newnan. In 1970, Daddy & Mama moved to Athens, Georgia where Daddy was working on the Georgia University expansion. Daddy & Mama contacted an adoption agency looking for a son. On August 12, 1970, the day after I was born (

Michael). Daddy & Mama received a call that they had three baby boys for adoption. Daddy & Mama went to Clarke County Hospital where I was adopted. Daddy, Mama & Me moved to Destin, Florida in 1972 where Daddy became a Superintendent for his first construction job. We moved together to almost all of Daddy's jobs, and Daddy retired from Alcon Assoc. Construction as the Vice President in August of 2001. Daddy supervised the building, or expansion of over 100 buildings in his 50 year plus construction career as a Construction Superintendent. Daddy's attention to detail has been evident in his work due to numerous request by name, for additional buildings to be built. Daddy's hobbies were Deep Sea Fishing, and working to restore Antique Cars. Daddy has always been there for Mama, and Me, from rubbing my knees as a child, to throwing the baseball in the front yard, to watching me play football. Daddy always provided comfort when we needed someone to talk to, and Daddy was always a "Family Man", he has always put his family first, going without to make sure Mama & Me had what we needed. Daddy is survived by his wife Sarah, son Michael, and two Granddaughters Courtney & Leighann. A very dear aunt, that Daddy Loved, Aunt Eunice. Daddy has one sister Carolyn.

“ It's been so long I don't even know where to begin. I guess the best place to start is to say I've always loved you dearly and have thought of you often. I don't have one single bad memory of you and in almost everyone of them, you're smiling... you were always smiling. The memories I have and cherish are... ~ Riding in your truck with my arm out the window "Linda, you better get your arm in the window or a telephone pole is gonna knock it off." I still get spooked riding down the road with my arm out the window sometimes and make sure its close to the car door. ~ Boating on Lake Lanier with the family. Good memories from there. ~ Riding in the ocean in your boat and seeing dolphins. (We thought they were sharks at first and daddy hustled back to the boat when you yelled "Frank! I think those are sharks!" ~ Riding that mini-bike at the University of Georgia ...I was all over that construction site! (I've always been so proud to tell people my uncle built part of the college. And, I remember when Tina was buried there. That was so much fun for me. ~ The Destin beach house and being on the beach. I have more, but these stand out for me. I really wish I had spent more time as I grew up with you, Aunt Sarah, and Michael. Even though I wasn't with you, you were always in my heart. You were a very special person and the impact you had on me as a child, stayed with me my entire adult life. You were a good person and a kind soul, and I appreciate how well you took care of and loved my aunt and cousin. I love you so much Uncle Noel. Thank you for being in my life and for being such a good uncle. I love you and will miss you Uncle Noel. <3 Love, Linda

“ *What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch. We may not understand why you left this earth so soon or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you passed away, but that you lived and your life gave us memories too beautiful to forget. May the peace which comes from the memories of love shared comfort you now and in the days ahead. Your devoted niece, Wanda*

“ My dearest Uncle Noel, It was shocking news, that brought tears to my eyes. When I learned it was cancer that took your precious soul away from us. My tears haven't stopped fallen since that sad day, God decided it was your time to go. He took your life away and everyone feels the pain, the pain that you had been suffering with for so long. It's harder than I ever thought life could be without you Uncle Noel. I've always thought of you as a second father and YES, I know your my Uncle Noel. It's so funny still to me that I can hear you still saying, Cindy you better watch out for those boys on that beach NOW. As Aunt Sarah would say OH HECK NOEL leave her alone. As Aunt Sarah and I both laughed away. Aunt Sarah always said put on that yellow two piece Cindy. You and Michael go have fun. I'll miss the deep sea fishing with you and I do know this when I walk the beach or go deep sea fishing again. I'll know you'll be there making sure I drive the boat back into shore safely. Uncle Noel, you always made me laugh. I always felt secure and safe with you, Aunt Sarah and Michael. I hold you high up on a pedestal. Uncle Noel, your my HERO! The family and I will always hold you close in our hearts. We'll always think of you, we'll always know that you'll be looking down on us and keeping us safe. Making sure everything goes okay in our lives, making sure that we live a good life just like you did until the day that God decided that it was your time to go and many tears have and will continue to fall but we'll smile because we all know your pain is gone. UNCLE NOEL, see you'll be able to have that cigarette anytime you want one. I'm so going to miss you Uncle Noel. Whispers of the pain you felt and now the tears of love lost in the days gone by. I know your watching as the family gathers around you to say our goodbyes. Please know that I will be there for Aunt Sarah, Michael and all the family to keep them safe. Uncle Noel, we all care and love you no matter how far apart we lived or the calls that were missed. Please know that I will always take a moment of silence in memory of you until I'm old and gray. When Eric gets married and has a child of his own. Uncle Noel with all the holidays and even on a regular day you'll always be in our thoughts and our hearts. We will all bow our heads on this day to say goodbye but I know Uncle Noel your with us and Aunt Sarah

my beautiful lovely Aunt Sarah. WE ALL know you'll hold her hand forever. I know you'll be holding Michael's forever and everyone's for life until we see you at the pearly gates of Heaven. We all miss you we want you to come back home. We want you back in our lives but we will see you soon. I love you Uncle Noel! I'll miss you and we will all miss you. Cindy and Eric
