“ Oh my June bug how am gonna miss coming to your room first thing in the mornings and bringing your your orange from my husband mike and cutting up the apples you loved so much in your yogurt. And am gonna miss my FaceTime calls from Jennifer on my off days from you asking where I have been . Everyday I worked at 3pm giving you that kiss on your cheek and telling you I loved you and I see you the next day . My hearts broken into a million pieces over your passing. But I know your with your husband and your family and our precious lord . I bet your wings are so beautiful and your having a ball up in heaven. You and my momma save me a seat beside y'all . You two ladies were my most favorite lady's. Till my time comes and we meet again. I love you my sweet June bug .
