“ Olivia and I were in elementary school together. I remember the year I was taken into foster care we were in the 5th grade. Olivia had a way of making me feel like everything was going to be ok when my world was crumbling. I've thought of her often and fondly through the years. This is such a profound loss. I extend my deepest condolences and prayers.

Olivia was such a bright, vivacious, beautiful, and remarkable young woman. Anyone who had the blessing of knowing her even a little bit, will forever be blessed. “ Paul and Family , I know you are suffering right now over the loss of Olivia , if she was the person I've heard about , I've read about , and anything at all like the two of you , them I'm missing a great deal because I never met her. I need for you to understand , I know there is someone who listens. When I became so sick a few years back, I asked God to touch me and help me overcome my sickness , and so help me , 8 days later I walked out of the hospital feeling like my hand was being held. I prayed hard when thing got bad for me. A those prayers helped me. I know this is much different than losing a child. But I was about to lose myself. Anytime you feel like you just can't make that extra mile, talk to God. It's never too late. I give my deepest sympathy to you my friends and I'm praying for y'all to find peace and harmony knowing your sweet daughter is standing near God and Jesus. I'm sure she has her beautiful wings and she is watching over you all. Bleed you good people. Love

“ Dear Paul & Allison, I am so deeply sorry for your tragic loss... Olivia was a joy to talk to. I will never forget when I ordered our potty the first time, we were talking about the prices of everything and shortages of items during Covid. She had me in stitches laughing so hard about the price of tin foil!!! She is dearly missed. Sending thoughts and prayers for your family.
