I will always be thankful for the time I spent with Pam as my neighbor and friend. I'm so grateful for the time my family spent with Nick, Pam, and their kids. I have so many good memories my daughter Madi playing and spending time with the girls.

“ I was a student of Pamela, or HG as I called her. It was my last year of high school, when I transferred to ECHS. I struggled bad in my last semester and she always had my back. She let me sit in her office almost everyday, all day as I did my online classes. We talked about school, my future, family, and towards the end we talked about her diagnosis. She helped me get through my online classes, even when I was so close to failing. I don't think I would've been able to graduate without her. I graduated in 2022, and found out about her passing about a week ago. I just wanted to say that she was a really good person and I could tell she truly cared for others. I'll always remember how she believed in me. Thank you HG.

“ I have known Pamela for many years, and our lives parallel on so many levels. Whereas our friendship was founded on our career path, we remained friends and gradually became each other's confidants and support system with our lives, our families, and eventually our Stage IV cancer diagnoses. Not a diagnosis either of us wanted to have in common, but having her to discuss what it is truly like to go through something like cancer made a dark situation lighter. She just had a special way of connecting with people. Although a realist, she would always end our messages with, "let me know what I can do to help," but she genuinely meant it. She would drop everything to help even while weathering her own storm. I do not understand God's timing, but I know God's plan is perfect. We often spoke about how hard it is to know the impact we have on people in leading them to Christ, but one thing is for sure: she saw God show up for her daily, and after attending her service, it was obvious of the impact she had on the eternities of so many. It is a huge honor and blessing to know Pamela, and her legacy will live on through her devout faith, strength, work ethic, and genuine selfless love for others. Until we meet again, my sweet friend.

“ Pamela and I go back 20 + years. We attended a college cohort together, and became close friends. Pamela was always thinking of others first. She loved her family so much, and often spoke about her husband and children. She was a kind soul, and was a self-less person. Even when she was sick, she stayed positive, and wanted to know about how others were doing. I will miss my dear friend! I have comfort in knowing she is HOME and pain free. RIP Dear Pamela.

“ I met Pamela thru Nick. Nick and I were stationed together at Eglin AFB FL and became fast friends. Nick is like a brother to me and we practically raised our families together over many decades. It saddens me deeply to hear this news and my heart breaks for Nick, his children and all those who loved Pamela. Her lovely spirit and lasting legacy will live on thru her family and especially thru Nick and their beautiful children. Rest in Peace Pamela and God speed.

“ Doug and I are so deeply saddened to hear of Pam's passing. Our hearts break for her family. We met Pam around 1995 at Aviano Air Base, Italy at the CDC where she cared for our youngest daughter, Darienne. She was so kind and pure of heart. We rest assured knowing she is pain free with our Lord but our human hearts are broken.
