“ *Rick, Coming to you was not only rewarding because you created unique pieces for my wife Carol that will be and are family "legacy" jewelry, but also turned into sometimes hours of conversation that was spiritual and very personal. I was compelled to visit after Lee Ann passed and we shared very deeply about it and life in general. You left an impression and a wonderful talented legacy in Megan...God Bless*

“ We first met the Hubbell family in about 1985 or 1986 when we became neighbors in the Hearthstone subdivision. Later on all of the kids on the block gathered in our driveway to play because it was level and I was a homemaker and so glad to watch them. We moved to east Coweta in 1992 and were sad to lose all of our neighbors. Back in 2010 Rick and Lee Ann were so kind to appraise some family jewelry my family left me. . Rick bought lots of items including my sterling silver and paid me well. If I wasn't getting many sub teaching jobs I could go to Rick and count on him to buy some items. I wish I could have seen the items he and his family made out of mine. He was a true artist and always looked on the bright side of everything and gave me a spiritual talk when I visited. He loved spreading the news of his Lord and Savior and conveyed his message so well. I feel certain that he and his wife are in heaven creating beautiful items made of gold for the angels. I'm praying for all of your family, girls.
