I've known Rob for almost 4 years from playing games online. I just found out about this and it's heart breaking. We would text everyday about all kinds of things. His kids, guy talk, work, fish and many more things. What I do know is he had a big heart and loved his kids with everything he had. He had to work so much to get back on top . Something like 20 hours a day. It's so sad many times we said that life's to short, don't work all the time. I will miss my chat buddy. Me, Dara, cook, Bush ,Anthony, mofo and Andrew will all miss you Bert!!!! Your kept us laughing all the time. His son even joined our team on chat so he coils have other ways to spend time With him. So sad. I want his kids to know his dad had a great heart and loved his kids more than anything .

“ I am a patron of the Kroger where Robert worked. I want Robert's parents and family to know I sincerely regretted hearing the tragic news. Robert was very personable towards me on each occasion I visited. During my last meeting with Robert after Christmas, he was telling me of his two jobs and did look extremely tired. He was explaining that he was covering another Kroger employee's shift and did not go to work at UPS because he did not like the long commute even though the pay was greater at UPS. Robert is missed by many and I will always have good memories him when I visit the Kroger gas station.

“ *What I remember most and will always is the laughter. I remember one day feeling sort of blah and and just happened to find Robert in online chat. Of all the things we could talk about it was chickens. As we laughed, the conversation wandered to different things, but more than anything we laughed. When we finished talking, I remember feeling better ... That is the Robert I will miss.*
