“ Bobby was a fun cousin when we were little, always smiling and had a secret to share. We were able to spend a few years living nearby until we all grew up and went our separate ways. I visited the Hambley cousins in Albany and then we lived in Huntsville at the same time. Miller cousins sorta lost touch and it's sad when we grow old. We have missed so much of each other's families. The picture I am adding is of those of us who were around at the same time together. Don, my oldest brother holding our little brother Ned, Bruce with his arms crossed, me, the only girl until Kitten and sweet little Bobby. Don has passed away, so has Bruce and now Bobby. He will be missed. Patsy Miller Pelfrey

I had the pleasure of working with Bobby at Mayer Electric back in the late '90's. He was a great friend and teacher. He always had a smile on his face and a funny story to tell. My prayers to his family in this difficult time.

I knew and worked with Bobby for nearly 30 years. Not once did I see him angry or hear him say a hateful thing about anybody... he taught me a lot and I like to think maybe I taught him something too.. He was my right hand man and go to guy for many years at Mayer-LaGrange... I loved Bobby Hambley. The day he told me he was retiring was one of the saddest and happiest days.

My heart breaks for you Andy. I pray you can eventually find some degree of peace and serenity. You know where we are if you need anything.

Donald Willis and family AND Mayer Electric-LaGrange.
