“ *I'm just learning of your passing. I am devastated. You have been a constant friend for many years. I could tell you anything. At some point we both married, had kids and lost touch. But, we reconnected years later. Life found us living single lives again. It seemed easy to reconnect. Sure, we'd clash over things and get hurt feelings but our friendship always endured. Sometimes friendships are tested as ours was last year but I hope you knew how much I loved you! Our friendship was important to me and I will MISS YOU. I'm sorry.*

“ Robert was respected and appreciated by the many he worked with at GDOT. He will be missed but his memory lives on in our hearts. I am glad for the opportunity to know him as a friend and colleague, as we worked together on various projects in Alternative Delivery through the years. Many are not aware of how much teamwork it takes to deliver a transportation program, and Robert was always ready as a supportive, friendly and reliable team member to further the cause for the Department's mission on each project, performing with diligence whatever the task. Of course, we all know the supportive family behind the team members plays a special part in success as well, and so I hope his family knows the appreciation of his colleagues as well. Our thoughts and prayers to the family for the loss.

“ I would to send my condolences to the Hughes family. I use to work with Robert while I was in OPD at GDOT. I never got the chance to accompany him on his daily walks around the GO and the surrounding buildings in the area before I left GDOT. We were both alumni of Southern Poly and we both shared our displeasure of the merger with Kennesaw State. He was good man and he will be truly missed.
