“ My deepest condolences to the Kiser Family and his friends. Robby was a dear friend of mine, and I will always miss him. This is a major loss, but I know that he is now in a better place. He has "flown west", as many aviators do! Cesar

“ I would like to send my heart felt Condolences to the family. Robbie, as we called him at PDK was someone who I enjoyed working with. Work time goes by faster with good company and we would work and joke and laugh. He loved his family and we would discuss our kids growing up. Keith was close to my daughter's age and I remember him coming to the tower for visits with his dad. One visit Robbie told Keith to stop running down the hall by the break room, and I ran and caught him and told Robbie that's what kids do. Robbie said don't encourage that and we laughed. We kept in contact through Facebook and Text. We said we were going to get together one day but sadly we never did. We had some great times and I will miss him. 🙏🙏🙏

“ My dearest brother Rob. This is probably one of the hardest things that you and I had talked about. We knew that one day, one of us was going to face this situation. That one day, a picture and a memory was all we were going to have. Sorrowfully, it is I that's facing the absent chair and unanswered phone call or text. Many are the times for over 50 years did we share good times, laughs, heart aches, and disappointments. There's so many things I'd like to say, but I'll wait until the day comes that I'll see you again, then we can laugh and joke like in the days of old and look to eternity, where our friendship, relationship as brothers, will last forever. Until that day, I promise to do what I can for your mom and dad and Lisa. May the sun always shine upon you, the wind always be at your back. Until the next time we see each other. This isn't goodbye, just until the next trail.
