“ Dana has been my mechanic and friend since I met him several years ago. He was so honest and sincere and willing to take the time to lookup something for me or even loan me a tool. He was my go to guy for anything mechanical from trucks to boats. He will be missed.

“ To the family, I'm deeply sorry for your loss. Dana and I have been friends so long, it's like I've lost family. He was always fun to talk to and be around. I'm gonna miss my buddy, he was always just a phone call away. He would help me no matter what had me stumped. Big hearted smart and do anything for ya kind of man. That's rare anymore. I'm gonna miss you boy. Till we meet again....so long friend.

I met Dana 3 years ago, I work at Autozone and delivered parts to his shop. He was one of the nicest person I know. He would always wait til i got back to my car and say hey you brought me used parts, i would get out and walk back and he would just laugh and say nevermind. He definitely made my job better. I will miss you Dana and so will the Autozone crew

“ Almost 20 years ago when I first became a Uhaul dealer- back before computers and cellphones did all the work- Dana was the first one I would call when in need of a truck or equipment. He ALWAYS was ready to lend a hand when most others were not and I was more than happy to help him as well. I miss those days and will miss my kind hearted friend.
