“ Paula, I have so many fond memories of your dear mother, and my kids do as well. I think I enjoyed her stories that she would share with the children in front of the church, prior to children's church, as much as the kids did. Derek and Sydney both loved her too. She was one of the kindest ladies I had the pleasure of knowing. I am so sorry I could not attend her memorial service due to working. She will be missed by many. My thoughts and prayers are with you and your family.

“ Thank you so much to everyone! Your memories and prayers have been such a blessing and are allowing us to heal! Dad is healing from his own health issues and we appreciate you keeping him in prayers as more doctors and tests are to come. We love you all!

“ Dear Paula,

I remember meeting your mom at the Church where we used to do scrapbooking a long time ago.

Hugs,

“ I am so sad and sorry for your loss. Rosemary & I were both Media Specialists in Fulton County Schools. We ate out together. We had book exam together. We attended conferences and meetings together. She was a good friend to me. We talked on the phone about her surgeries. She was a brave and dear soul. I will miss her. God Bless you as you grieve over her passing.

“ Rosemary was a very special friend and fellow media specialist with me for many years. We shared lots of happy times and tears. I first met her when I came to Atlanta to visit her school media center. Then when we moved here in 1977 we became great friends and realized we didn't live very far from each other. My prayers and thoughts go out to the family as you celebrate and mourn her passing. Margaret Ashcraft

“ My association with Rosemary was at media specialists' meetings. Her reputation as a caring professional came across as she expressed herself and asked pertinent questions. Her conversations indicated she really loved what she did. Condolences for your loss. - Laura Purdie Gettler

“ I first met Rosemary and Paul in 1987 when we were both building our homes on Orr Road. She became a great friend. We enjoyed doing crafts, shopping and just visiting. We would walk around her yard, looking at her beautiful flowers, which she was happy to share. In 1996, I started a job as her library assistant at Mary M Bethune Elementary school. We worked together for 6 or 7 years until her retirement. Rosemary was great at her job. She was loved by the kids and she loved them. They loved having story time with her. They looked forward to coming to the library, as she made it not only a learning place, but also a fun place. She was a great friend and I will miss her as will so many others.

“ I fondly remember talking to Rosemary on the phone for hours about ancestry and her days as a teacher when I was growing up. She was such a sweet, darling woman and will be missed. I will try to come with my husband, but I am not sure if I will be able to get off work. Whichever is the case, the family is in my closest thoughts during this time.

My love and utmost sympathy,

“ I have such fond memories of her from The Meadows Elementary School!

Her red hair, her soft demeanor and her story times were just the best!!!

I can remember creating a slideshow in first grade with Ms. Catherine Young and Ms. Eversole taught us how to use the equipment. Ironically, my lifelong career became photography. My favorite story was 'The Ghost Next Door' and as my children came along, I made sure we had a copy of that book in our home. I also have vivid memories of her helping me use the card catalog/Dewey decimal system. She was one of those teachers that I will never forget and will always have beautiful memories of.

“Sandy and I are so saddened to hear of the passing of Rosemary. Aunt Rosemary was so much fun to be around and we would sit for hours enjoying conversation and hearing her stories. We will all miss her laughter and kindness, and her positive glow. I told my father (Eugene) about this yesterday and it really upset him. He and Margie spent a lot of time together up here and down at their house. I got to hear about each visit and I know they really enjoyed each others company. I will ask my father if he would like to come on Saturday, but I'm not sure if he will want to make the trip. His dementia is getting worse and I know when I bring this up to him again, he will act as though it's the first time he heard about it. I know that he would love to see you both and I will gladly drive. We would probably have to drive part way Friday and arrive Saturday, because I know he won't fly. I would like to see you all too as it has been such a long time. I'll do my best to convince my dad to come. May God bless and help you all through this terrible time, and be comforted by knowing that she is at peace and in a better place now.

*With Love and Sympathy,
Vance, Sandy and Eugene Eversole*

“Paul and family, my sincere condolence on the occasion of Rosemary's passing. She was a dear friend though-out the years of our lives from neighbors, to classmates, to the continued connection for the many years afterward. My last association with her was on the occasion of our 50th class reunion and I remember her as still vibrant and entertaining as ever even though at that time she suffered health issues that were difficult to manage and be actively involved at the same time. I just want to say thank you, Rosemary, for the wonderful friendship we shared. Cedric Sweat, class of 1961
