“ So glad that you were put in my life when I needed you the most. You meant the entire world to me. You never let me forget to smile and share joy to everyone. I’ll never forget our car rides around the parking lot or the amount of laughter we shared together. You never let me forget to take a picture of sunsets and send them to you, I’ll always know when you’re painting the sky. ☐

“ I was looking to meeting Ryan in person when I come to Atlanta on 5/23-26/2024. I was introduced to him via phone thru my son Jayden. We talked about his coming to visit me in CT. I joked that I was going to fatten him up! His energy was infectious and his smile transcended thru the fone. He was too good for this world and God needed him closer to him. My condolences to his parents and other family members for your loss. Please let God/the Universe continue to keeploving arms around you as you go forward. ❤️🙏❤️

“ *What an honor it has been to be a part of your life and world. Many memories have been made over the past 20 years and you definitely made an impression. You were always one of my babies and I love you always. Wish I had words to describe our relationship but until I see you again here is a big smooch and you know what I mean. Rest easy my little stinker. Love Momma Danette*
