

Stephen Leon Clay

September 5, 1961 - June 27, 2023

Stephen Leon Clay, 61, of Newnan, GA passed away Tuesday, June 27, 2023, at Piedmont Newnan Hospital. He was born September 5, 1961 in Cornwall, NY.

Stephen grew up primarily in Newburgh, NY. He graduated from Valley Central HS in Montgomery, NY in 1979. Stephen was a 1982 graduate of Orange County Community College in Middletown, NY. He devoted many years to Delta Airlines, retiring after 34 years. He then transitioned to King & Spalding in 2022.

Steve is the loving husband of Melanie Phillips Clay for 34 wonderful years. He is the proud father of Bryan Stephen Clay and Mikaela Noel (Hank) White, and the very proud "Pappy" to Silas.

Steve is survived by his mother Marie Amato (Joe) Cochran; his sisters, Cindy (Glen) Sherwood, and Corinne (Michael) Aselin. He is also survived by 5 nieces and 3 nephews as well as 3 great-nieces and 3 great-nephews. He is preceded in death by his father, Leon Clay and nephew, Trey Phillips.

The service will be Sunday, July 2, 2023 at 2:00 PM in the chapel of McKoon Funeral Home, 38 Jackson St, Newnan, GA, with Terry Glenn Phillips, Jr. officiating. The family will receive friends starting at 12:00 PM until service

time. Burial to follow at Oak Hill Cemetery, 96 Jefferson Street, Newnan, GA.

Condolences can be expressed online at www.mckoon.com

I am so saddened to learn of Steve's passing. I worked with him for many years at Delta. Steve was not only knowledgeable, organized and professional, but one of the kindest people I've ever known. Always calm, patient and positive. Please accept my heartfelt condolences. Praying for your peace and comfort.

“ *I thank God that I met Steve early on when I was at Delta. I used to say that Steve knew his job at Delta better than anyone else knew their jobs. I'm grateful that he trained me in several positions. Steve was a patient and intelligent teacher. He was a great friend. We discussed many topics over the 30 years we worked together. I always valued his advice. It was always sound. I'll always cherish having him in my life. ~J.R. Henderson*

“ Steve, it was great working with you at Delta. You were lead on the Project and when you passed the tasks to me (to work off-hours), you would walk to my desk, lean in and give your warm warning - "don't mess it up!". That became our inside joke. Nope, Steve, I still won't mess it up!! You were always cool. Rest in peace, Brother. You will be missed.

“ I am deeply saddened by the loss of my nephew Stephen. I will forever hold dear so many fond memories of that little boy with a mischievous smile who later became a loving family man.

My prayers of comfort go out to all friends and family who loved him.

Stephen, you will always be in my heart.

Find Rest Now,

Love Aunt Arlene

“ I worked with Steve at Delta and Steve was one of the nicest people I have ever worked with. He never seemed to get upset when asked a question....no matter how trivial the question was. He was so easy to work with..

He just seemed to know everything about the Network....he will be missed. I am still in shock over this, finding the right words escapes me at the moment.

I am so truly sorry to his family for the loss, no one can ever replace him. Give yourselves all the time you need to grieve. You are in my thoughts and prayers....

RIP Steve....you will never be out of everyone's thoughts and hearts.

“ Steve Clay - My mentor and my friend.

I will pray that Steve's soul receives that "great reward" in Heaven. I believe he is worthy. He was the best mentor at Delta I could've hoped for, at a time when I really needed one. He knew this, and went the extra mile for me. He cared about me in the same way he has cared about many others throughout the years. And he was not only a mentor, but an example of what an IT professional should be. Steve had a kind and loving heart and I will miss him. Melanie, Bryan, and Mikaela will remain in my prayers.

“ *Brother*

*You gave no one a last farewell,
Nor ever said goodbye.
You were gone before we knew it
and only God knows why.
A million times we will miss you.
A million times we will cry.
If love alone could have saved you,
you never would've died.
In life, we love you dearly,
In death we love you still.
In our hearts, you hold the place
no one else can fill.
It broke our hearts to lose you,
but you didn't go alone,
for part of us went with you, the day God took you home.
We will meet again someday
I know in a better place.
Thank God he made you our brother.
While you were here on earth.*

*Your loving sisters,
Corinne and Cindy*

“ I am still in shock, as are many of us, over Steve's sudden departure. It's important for his family to understand how respected he was, not only for his technical wisdom and abilities but also as the stand-up guy he was. He was certainly more patient than many of us, and I know all who knew him truly appreciated Steve at work and outside of work. Rest in peace, my friend! You will absolutely be missed.

Bill Verdon - June 30, 2023 at 02:35 PM

“ I am still in shock! I have known Steve for years, starting with our time at Delta and again with King & Spalding. Steve had reached out to me a little over a year ago, wanting me to be a reference for him for a particular interview, I told him better yet, apply for this job opening I have. It was a no brainer to bring Steve on board. His technical ability, tenacity, humor, quiet demeanor, dedication, determination, and wit will definitely be missed. I will personally miss our weekly meetings, where we discussed work for maybe 5 minutes, then caught up on family, friends, and reflected on our years at Delta. Steve was very proud of his family, especially his grandson. Rest in peace Steve.

“ I am saddened to hear this news and would like to extend my sincere condolences to Steve's family. I worked with Steve at Delta on several projects throughout the years, and he was always extremely knowledgeable and simply a pleasure to work with. May God grant each of you the comfort you need during this time of loss. God Bless!

I was honored to work with Steve in Security Engineering at Delta. He was one of the smartest engineers I know and answered technical questions with humbled charisma. It was important to him that you understood his explanations of how things worked.
