“ My prayers are with your entire family at the time. It is so hard to see a young person die. I didn't know Thomas but I believe we are distantly related. My parents were Dan and Jerry Broadwater from Chattanooga. And if my memory is correct, Ralph and Patsy are my cousins. We didn't grow up together but I remember Uncle Ralph or Uncle Pete as we called him. My Daddy was his brother, along with Cliff, Jimmy, and Mary. So even though I don't know any of you I still feel as if a part of me has passed on and my family. So my prayers are with you and I know God will cover you with His grace at this difficult time.

“ Please know that we have you in our prayers. We know what it is to have the hurt that comes with the death of a child. We went through this with the loss of our 16 yr. old grandson. It has been 10 years but the pain, although not as sharp, is still with us and our daughter's family. Thomas, no doubt, made an impact with his presence and I know you are proud of that. I pra that this will give you some comfort. Lois and Ed Wyrick

“ We live in deeds, not years; in thoughts, not figures on a dial. We should count time by heart throbs. He most lives who thinks most, feels the noblest, acts the best. -Aristotle If Aristotle is correct then Thomas lived more than anybody else, because he was always noble, always thinking, and he was the best. He will be missed more than words can relate, he was the most caring young man I have ever had the pleasure of getting to know. My prayers are with all of you. God bless. ? We love you Thomas!

“ Dear Alan & Family- I was so sad & shocked to hear the tragic news about Thomas. I have been thinking of you & praying for your entire family all week. Although I was unaware of his condition, I realize how tough it is to deal with that for such a long time. My daughter was tested for CF when she was a toddler, and that was the longest, most stressful week of my life, waiting on the results. Fortunately, she was negative for the disease. I have donated to the CF foundation since that time. Thomas was indeed a very intelligent young man, with a a bright future. I lost my younger sister to a brain tumor at a similar age, so I know how tough it is to cope. I am sure that your strong faith in God will help you pull through. May God bless the entire family in this time of sorrow.

“ From the first time that I met Thomas at the CF center, it was obvious that Thomas had a special spark. Whenever I had the privilege of taking care of him, he always made my day better just by being a joy to be around. Thomas was wonderfully intelligent, but I really enjoyed his mischievous grin and witty repartee. He always made me smile. Thomas will always have a special place in my heart. Please know that I will be praying for you all.

“ Obviously there are no words that can come close to conveying the ache that we share with you. But our hearts also take comfort in knowing that Thomas is, for the first time in his life, living peacefully without C-F, and we take joy in knowing that God gave him to two parents who loved him and took wonderful care of him during his brief stop here on earth. I give thanks that you all have a deep-rooted faith to lift you up and carry you through this, and our prayers are for love, healing and looking forward to that glorious day in heaven when your entire family will be once again whole. We love you guys so very, very much.

“ Thomas Broadwater was a best friend anyone would have been glad to have. Not only did he charm each person he came into contact with, but also impacted their life in ways unimaginable. He was a great individual that gave you a smile no matter what situation you encountered. It was my pleasure to spend most of my time with such a wonderful person. He enjoyed so much and accomplished so much. He was loved by all. He made a friend of every person he met. I, myself, was changed by my best friend through the many things he did everyday which changed my life. Thomas loved his family and friends more than anything and knew how to enjoy being with them. I also had the pleasure to see and be with him while he succeeded in his goals of traveling abroad, making GHP, and surpassing others in his field of robotics. Thomas was not merely a best friend, but a brother, one that will be in my heart forever. I love you bud -Trey Mr and Mrs. Broadwater and Allison, Thomas touched everyone and will be missed by everyone. Thank you for letting me spend time with such an amazing son you had. “ Thomas was the smartest CF patient I have taken care of in my 30 years of working at Egleston. He had goals and plans but God had a very special plan for him. I am so glad I knew him and I will remember him always. He reminded me so much of my son, also a Governor's Honors student. My son got to meet Thomas as he shadowed Dr Schechter as a med student and was touched by him. I do believe that we will see all of our "CF angels" again someday. You are in my thoughts and prayers.

“ Life is such a fragile gift and many of us fail to appreciate it and live it to its fullest, but that was not Thomas. We had the honor and privelege of knowing Thomas and considered him part of our family. His strength, courage, and inspiration were contagious and he infected all around him with his love of life and drive. We will be forever changed by this young mans shining example and the fact that he never let anything stop him. There are so many people who are better people because of the gift he gave us. Thomas we will always try to live up to your example, drinking life up and knowing each day is a gift, never to be wasted on worries, but to be shared and lived to its fullest. Love you always, Don, Trey, Michelle and family.

“ We are thinking about you all and lifting you all up in our prayers. There is a poem we'd like to share that gave us comfort and hope when we lost both of our Mother's years ago. We pray you find peace in all of this. We will not stop working towards a cure for all affected by CF. Much love to your family. God saw you were getting tired, And a cure was not to be; So He wrapped His arms around you, And whispered "Come to me". A loving heart stopped beating, Working hands laid to rest; God took you to prove to us, He only takes the best. In His Love, Samantha, Chris, Dylan, Connor, & Baby Colin
