“ Tiffany was in my class this year. She was bright, caring, very creative, and a joy to teach. She brought me a red cardinal ornament after Christmas, and I will always cherish that and remember her fondly each time I see a cardinal at my bird feeder. It is so tragic to lose someone with such promise! My heart goes out to her father whom I know loves her beyond life. Continued prayers for comfort and peace.

“ Tiffany, how will I ever get through homeroom and first period without seeing your beautiful smile and hearing your lovely voice. You truly made every day special for me, and it was a complete honor to be your Math teacher. Your passing has truly left a void that no other student will be able to fill. I enjoyed hearing about the books you were reading and the songs you were creating. You are still loved so very much, and I am a better educator for having had the opportunity to teach you, even for such a short time. My prayers are with your family, and I know you are safe and healed in the arms of our Lord.
