“ *I'm so sorry to read about Travis' passing. He and I had a few classes together while attending Newnan High School. I hadn't seen him since I graduated in 1969. Astra, his daughter-in-law, is my second cousin on my mother's side. May God be with the Duncan family during this time of sorrow.*

“ I grew up with the Duncan family, and Travis was like my second father. When I was younger most Saturday nights were spent with Travis, and Bryan at the Coweta muddboggs. I sure did enjoy those days. I would'nt take anything for them. Travis was a jack of all trades. He could fix or build almost anything. An example was his truck that was nicknamed the spider truck. The trucks at the muddboggs races were built like that, and it was no time at all and he had built him one. And that was just the start he built or helped his sons build many fast races cars in his days. And the fish he caught were huge. And if you went fishing with him he would try to put you on one just as big. He always had a smile on his face and he always had a kind word to me. I Loved him like a father. He Will be truley missed!!! Mrs Tina I Love you too, and all of your boys.!!! If yall need anything let me know.. Love, Gene Payton

“ *I met Mr. Travis, either at Plant Yates or somewhere in between. I never saw him mad, he smiled and seemed to love his life. I was so shocked to hear this, for I never knew him to be sick. I truly am sorry to get this news and so terribly sorry for his loved ones. He cared so much for you all, and always smiled when he spoke of you folks. Please know you are in my prayers for strength, he would want you all to be strong and be together for each other. RIP old friend. Till we meet again. Lil' Emory is what he always called me, so it shall be here.*

“ Mr. Travis was a great man. He taught me a lot of things, in the 20 years I had the pleasure of knowing him. I had a bunch of good memories come to mind in the last day. They range from fishing, drag racing, and just hanging out at the shop.
