“ Dear Betty, I have been searching for you guys for several years and even moved into the area in 2012. I tried diligently to find you and Lamar but have not been able to locate anything, even though county records, until my aunt sent me this last night.

He was the only person that really meant anything to me and I am just heartbroken to read this. Lamar was the best thing that ever happened in my life. I cannot express how sad this makes me and how I wish I had found you both.

He is forever in my heart.

Please call me if you can, I would love to share some memories and meet again.
