“ *WILBUR was one of the finest men I have ever met in Newnan, and a very hard working man. He always had a smile, I remember one time I needed a tire and went to see him and told him I didn't have enough money to pay him he told me to leave it with him when I returned he had put on 4 good used tires he said the others were bad too I told him I couldn't pay he said don't worry about it pay me when you can I told him I would I paid 2 payments and he said don't worry about the rest. This world needs more men like WILBUR Washington, I will truly miss him 🥺*

I remember Mr. Washington from his generosity as the previous comment stated. I needed a set of tires as a teenager to put on my 65 Mustang and in 1973 I was working for about \$2 and hr. and money was a little tight. Mr. Washington wrote a figure on his hand and showed it to me. We were pretty close on the cost of the tires and I told him how much money I had to spend and he reduced it to that He truly put the people above riches and he should be truly rewarded in the next life for that.
