“ *I've worked with Billy in the ER and had the privilege of watching him grow into his "nursing shoes, whoops, boots". He was an amazing human being with a heart of gold. He epitomized "don't judge a book by the cover, as he had more pages in his short 29 years than most of us have in a life time. And it's a best seller. RIP Billy, your family loves you and we are stronger because of it.*

“ I had the pleasure of working with Billy at Piedmont Newnan Hospital. I took a class with him one afternoon in the ER & we had to role play. As I sat there with sweaty palms thinking, "Please don't call on me, please don't call on me.." Billy was called upon. When it was his turn to role play how to introduce yourself to a patient, he did such a fantastic job that I thought, "I'd love to have him as my nurse." He just had this aura about him. He was straight forward, kind hearted, smart, funny & well liked by his peers and patients. I'll always remember his white "sleeves" he wore during work hours. Our department is forever changed. We lost a great man. My heart goes out to the family and to his love, Kaci. Praying you find peace during this difficult time. God bless.

“ Dear Bill, While the loss of a loved one is never easy, even when anticipated, it is most certainly the hardest when they are taken from us too soon. Your recent loss of your son who has left us at such a youthful age is definitely in the category of those hard losses for which there is so painful a reminder of what might have been. We offer our sincere condolence and deepest sympathy on your loss. May the outpouring of sympathy, the kind acts of friends and strangers and the comfort in knowing that your loss is felt by many, help you through this difficult time. I ask for God's blessings on you and your wonderful family. May you find the courage and strength to move forward in peace and confidence and in knowing that his was a life well-lived. Yours In Peace, Rebecca Brown

“ My thoughts and prayers are with Billy's family and friends. I worked with him in the ED prior to my retirement and he had the "edge and personality" that great ED nurses need. This is shown by the awesome tributes I have read from family and former patients. Heaven must have needed a special nurse!
